Dear Dr Deasy,

My name is Kali Hawkins I am 10<sup>1</sup>/<sub>2</sub> years old and  
I am a student at 74<sup>th</sup> Street School in Los Angeles.

I am writing this letter to inform you that the school  
lunches are not the best quality. I have never

eat breakfast at school so I can't speak on the breakfast  
but, often times I don't eat lunch either because

the food is un-tasty or it's not something that I

can eat or even want. We are offered a vegetable, an

entree and a desert for lunch. I see a lot of kids throw their

veggie in the trash and instead of choosing the fruit, which

is often bruised, they choose frozen fruit desert which is full of sugar.

The times that I have to eat the school lunch I feel like

I'm eating something my mom would call "junk food". My mom

teaches me how to read ingredients & she has also taught me

about processed foods.

Sincerely,

Name: Kali Hawkins

~~I'm not sure if a lot of students know that they could have better food here~~

I'm not sure if a lot of students know that they could have better food because they are so used to eating the school food. I love my school but, I will be the first to say that I prefer not to eat their food. (NO offense). My Mom tries to get me to take a lunch but, on the days I am running late I am forced to eat school lunch. I really hope you can make some changes & offer us better quality food. It would be nice to say, "I want the school lunch". Thank you for listening.

Sincerely,  
Kali Hawkins
